

SEAL Designs for Change

# ELD TECHNICAL ASSISTANCE

*Expand your expertise!  
Choose from three customized options  
for hands-on support in planning and  
implementing your Designated ELD lessons.*

*Companion to Three-Day Integrated and Designated ELD Institute*

## OPTION 1: OLA Demonstration and Debrief

Spend a day in the classroom with hands-on opportunities to discover how the oral language analysis (OLA) provides you with concrete evidence that will help you assess student's progress in spoken English. This day will also provide insight into planning responsive D-ELD lessons tied to the English Language Development Standards.

- **Observe** a D-ELD lesson taught by SEAL staff based on a classroom OLA.
- **Gain experience** using a D-ELD Observation Tool.
- **Participate** in a debrief session with teachers, administrators and facilitators.
- **Analyze** OLAs with grade level teams and receive support in designing D-ELD lessons.

## OPTION 2: Walkthrough

During this visit you'll have the opportunity to observe ELD strategies and receive feedback from SEAL trainers.

- **Observe** educators implementing ELD strategies using D-ELD Observation Tool.
- **Receive** feedback from SEAL trainers.
- **Debrief the walkthrough** with fellow educators including administrators and facilitators.
- **Develop** a series of D-ELD next steps that address patterns you identified using the D-ELD Observation Tool.

## ADDITIONAL OPTIONS:

Unlock additional opportunities with the following personalized hands-on support.

- **Plan** ELD based on your district's adopted curriculum to prepare upcoming lessons and respond to student's needs.
- **Receive** support for facilitators to develop an agenda for grade level collaboration.
- **Receive feedback** from SEAL trainers and gain troubleshooting skills when implementing D-ELD.
- **Leverage strategies** for successful D-ELD implementation in bilingual settings.
- **Analyze OLAs** with grade level teams and receive support with designing D-ELD lessons.
- **Grow coaching skills** with interactive hands-on opportunities.
